

# Women in Pharmacy

With gratitude and appreciation, the APhA Foundation recognizes the generosity of donors who shared a vision of celebrating women's outstanding contributions to the profession of pharmacy. Together, we proudly honor women whose dedication and accomplishments have enhanced the pharmacy profession. We celebrate those who have been role models, innovators, mentors, leaders, and catalysts for change. In addition, we acknowledge the tribute gifts that demonstrate the respect for wisdom, guidance, support, and encouragement shown by women in pharmacy who have influenced our lives personally and professionally.
