**Miami Pharmacist Armando Bardisa Honored for Outstanding Community Service**

**WASHINGTON, DC** – The Florida Pharmacy Association (FPA) has selected Armando Bardisa, Pharm.D., as the recipient of the 2016 Bowl of Hygeia Award for outstanding community service. Bardisa was presented the award at the 126th Annual Meeting and Convention of the FPA on Saturday, July 2. The Bowl of Hygeia is sponsored by the American Pharmacists Association Foundation, the National Alliance of State Pharmacy Associations and the American Pharmacists Association with support from Boehringer Ingelheim.

Bardisa graduated from the University of Florida in August 2000 with a Doctor of Pharmacy, Pharm.D. He is also recognized for his ongoing participation and support of the St. Jude Children’s Research Hospital triathlon, raising over \$50,000 in donations to date.

Bardisa is on the Board of Directors for the Pharmacy Development Services (PDS) and a member of several industry-centric groups, including the American Association of Colleges of Pharmacy, Professional Compounding Center of America (PCCA), American Pharmacists Association (APhA) and the Specialty Pharmacy Association of America (SPAARx).

Established in 1958, the Bowl of Hygeia Award recognizes pharmacists who possess outstanding records of civic leadership in their communities and encourages pharmacists to take active roles in the affairs of their respective communities. The award is presented annually by participating state pharmacist associations, including those in the District of Columbia and Puerto Rico. In addition to service through their local, state and national pharmacy associations, award recipients have devoted their time, talent and resources to a wide variety of causes and community service.

The Bowl of Hygeia is the most widely recognized international symbol for the pharmacy profession and is considered one of the profession’s most prestigious awards. The Bowl of Hygeia has been associated with the pharmacy profession since as early as 1796 when the symbol was used on a coin minted for the Parisian Society of Pharmacy. The bowl represents a medicinal potion and the snake represents healing. Healing through medicine is precisely why the pharmacy profession has adopted the Bowl of Hygeia symbol.
