Hahira Pharmacist Hugh Chancy Honored for Outstanding Community Service

WASHINGTON, DC – The Georgia Pharmacy Association (GPhA) has selected Hugh M. Chancy, R.Ph., as the recipient of the 2016 Bowl of Hygeia Award for outstanding community service. Chancy was presented the award President's Gala and Awards Banquet during the GPhA Convention on Friday, July 17. The Bowl of Hygeia is sponsored by the American Pharmacists Association Foundation, the National Alliance of State Pharmacy Associations and the American Pharmacists Association with support from Boehringer Ingelheim.

Past GPhA president, Chancy continues to serve GPhA in a variety of ways, advocating for the organization and provided counsel to elected and staff leadership. He is recognized as a national pharmacy leader, serving on the NCPA Board of Directors and chairing its governmental affairs committee. Chancy is a pharmacy practice innovator, and his practice in Valdosta currently serves as a model of how independent pharmacists can thrive in a hyper-competitive market.

Chancy, who graduated from the University of Georgia College of Pharmacy (UGA), serves his community in number of ways, including on the Mirixa Board of Directors, Prescribe Wellness Advisory Board, UGA Comprehensive Campaign Member, Citizens Community Bank Board of Directors, Trustee of Camp Tygart Foundation, and Hahira United Methodist Church Finance Chair.

Established in 1958, the Bowl of Hygeia Award recognizes pharmacists who possess outstanding records of civic leadership in their communities and encourages pharmacists to take active roles in the affairs of their respective communities. The award is presented annually by participating state pharmacist associations, including those in the District of Columbia and Puerto Rico. In addition to service through their local, state and national pharmacy associations, award recipients have devoted their time, talent and resources to a wide variety of causes and community service.

The Bowl of Hygeia is the most widely recognized international symbol for the pharmacy profession and is considered one of the profession's most prestigious awards. The Bowl of Hygeia has been associated with the pharmacy profession since as early as 1796 when the symbol was used on a coin minted for the Parisian Society of Pharmacy. The bowl represents a medicinal potion and the snake represents healing. Healing through medicine is precisely why the pharmacy profession has adopted the Bowl of Hygeia symbol.
