### **Huntington Pharmacist Robert Stanton Honored for Outstanding Community Service**

**WASHINGTON, DC** – The West Virginia Pharmacists Association (WVPA) has selected Robert B. Stanton, PharmD, as the recipient of the 2016 Bowl of Hygeia Award for outstanding community service. Stanton was presented the award at the 109th WVPA Annual Convention on Saturday, October 8. The Bowl of Hygeia is sponsored by the American Pharmacists Association Foundation, the National Alliance of State Pharmacy Associations and the American Pharmacists Association with support from Boehringer Ingelheim.

For the past five years, Stanton has volunteered at the Coalition for the Homeless in providing shelter and food for the poor. He is also active in Project Homeless Connect in providing items and services to the underprivileged in Huntington.

Stanton serves on the Executive Committee of the Cabell County Substance Abuse Prevention Program, a United Way project with the goal to prevent alcohol and substance abuse.

Established in 1958, the Bowl of Hygeia Award recognizes pharmacists who possess outstanding records of civic leadership in their communities and encourages pharmacists to take active roles in the affairs of their respective communities. The award is presented annually by participating state pharmacist associations, including those in the District of Columbia and Puerto Rico. In addition to service through their local, state and national pharmacy associations, award recipients have devoted their time, talent and resources to a wide variety of causes and community service.

The Bowl of Hygeia is the most widely recognized international symbol for the pharmacy profession and is considered one of the profession's most prestigious awards. The Bowl of Hygeia has been associated with the pharmacy profession since as early as 1796 when the symbol was used on a coin minted for the Parisian Society of Pharmacy. The bowl represents a medicinal potion and the snake represents healing. Healing through medicine is precisely why the pharmacy profession has adopted the Bowl of Hygeia symbol.
