### **Huntington Pharmacist Kevin Yingling Honored for Outstanding Community Service**

**WASHINGTON, DC** – The West Virginia Pharmacists Association (WVPA) has selected Kevin Yingling, RPh, MD, as the recipient of the 2017 Bowl of Hygeia Award for outstanding community service. Yingling was presented the award at the 110th Annual Convention on Sunday, September 24, 2017. The Bowl of Hygeia is sponsored by the American Pharmacists Association Foundation, the National Alliance of State Pharmacy Associations, and the American Pharmacists Association, with support from Boehringer Ingelheim.

Yingling has contributed to his community since graduating from the Marshall University School of Pharmacy. He is a member of WVPA Board of Directors and an advocate for Marshall Medical Outreach and Cabell County Health Department. He has served as former Dean of Marshall University School of Pharmacy, and has served the profession of pharmacy by advocating for expansion of pharmacists services, and serves as both a medical doctor and pharmacist.

Established in 1958, the Bowl of Hygeia Award recognizes pharmacists who possess outstanding records of civic leadership in their communities and encourages pharmacists to take an active role in the affairs of their respective communities. The award is presented annually by participating state pharmacist associations, including those in the District of Columbia and Puerto Rico. In addition to service through their local, state and national pharmacy associations, award recipients have devoted their time, talent, and resources to a wide variety of causes and community service.

The Bowl of Hygeia is the most widely recognized international symbol for the pharmacy profession and is considered one of the profession's most prestigious awards. The Bowl of Hygeia has been associated with the pharmacy profession since as early as 1796 when the symbol was used on a coin minted for the Parisian Society of Pharmacy. The bowl represents a medicinal potion and the snake represents healing. Healing through medicine is precisely why the pharmacy profession has adopted the Bowl of Hygeia symbol.
