Salisbury Pharmacist Don Taylor Honored for Outstanding Community Service

Washington, DC – The Maryland Pharmacists Association has selected Don Taylor as the recipient of the 2014 Bowl of Hygeia Award for outstanding community service. Taylor was presented with the award at the Awards Luncheon on Monday, June 16. The award is sponsored by the American Pharmacists Association Foundation, the National Alliance of State Pharmacy Associations and the American Pharmacists Association with support from Boehringer Ingelheim.

Taylor is a former Maryland Board of Pharmacy President and Commissioner and was instrumental in the development and implementation of the Maryland Emergency Preparedness Task Force. This model is recognized on both a local and the national level. Ever since Hurricane Katrina and 9/11, Taylor's leadership at the EPTF has led to pharmacists being recognized as essential players in emergency preparedness both in Maryland and nationally by federal emergency planners. His tireless efforts have provided a layer of protection for citizens of the state of Maryland. In addition, Taylor teaches pharmacy law to students at the University of Maryland Eastern Shore School of Pharmacy.

Established in 1958, the Bowl of Hygeia Award recognizes pharmacists who possess outstanding records of civic leadership in their communities and encourages pharmacists to take active roles in the affairs of their respective communities. The award is presented annually by participating state pharmacist associations, including those in the District of Columbia and Puerto Rico. In addition to service through their local, state and national pharmacy associations, award recipients have devoted their time, talent and resources to a wide variety of causes and community service.

The Bowl of Hygeia is the most widely recognized international symbol for the pharmacy profession and is considered one of the profession's most prestigious awards. The Bowl of Hygeia has been associated with the pharmacy profession since as early as 1796 when the symbol was used on a coin minted for the Parisian Society of Pharmacy. The bowl represents a medicinal potion and the snake represents healing. Healing through medicine is precisely why the pharmacy profession has adopted the Bowl of Hygeia symbol.

Information regarding contributing to the Bowl of Hygeia future is available by contacting the APhA Foundation at 202-429-7565 or info@aphafoundation.org.
