**Carlsbad Pharmacist Jack Volpato Honored for Outstanding Community Service**

**WASHINGTON, DC** – The New Mexico Pharmacists Association has selected Jack Volpato, R.Ph., as the recipient of the 2016 Bowl of Hygeia Award for outstanding community service. Volpato was presented the award at the 87th Annual Convention on Sunday, June 26. The Bowl of Hygeia is sponsored by the American Pharmacists Association Foundation, the National Alliance of State Pharmacy Associations and the American Pharmacists Association with support from Boehringer Ingelheim.

Volpato, who graduated from the University of New Mexico, has been a pharmacist and active member of the community for over 25 years. He served as an Eddy county commissioner from 2006-2014 and, during that time, he was a board member of the Carlsbad Department of Development and was active in the Eddy-Lee Energy Alliance serving as treasurer.

Volpato is also a member of the Mayors Nuclear Taskforce. He has served on the Chamber of Commerce for a number of years and was president last year. Volpato is a supporter and was involved in the formation of Noah's Arc animal shelter. He is a member of the Cavemen Dads, which is a booster group for the athletes in CHS football program. He manages Southwest Pharmacy in Carlsbad.

Established in 1958, the Bowl of Hygeia Award recognizes pharmacists who possess outstanding records of civic leadership in their communities and encourages pharmacists to take active roles in the affairs of their respective communities. The award is presented annually by participating state pharmacist associations, including those in the District of Columbia and Puerto Rico. In addition to service through their local, state and national pharmacy associations, award recipients have devoted their time, talent and resources to a wide variety of causes and community service.

The Bowl of Hygeia is the most widely recognized international symbol for the pharmacy profession and is considered one of the profession's most prestigious awards. The Bowl of Hygeia has been associated with the pharmacy profession since as early as 1796 when the symbol was used on a coin minted for the Parisian Society of Pharmacy. The bowl represents a medicinal potion and the snake represents healing. Healing through medicine is precisely why the pharmacy profession has adopted the Bowl of Hygeia symbol.
