Narragansett, Rhode Island Pharmacist, Linda A. Carver, Honored for Outstanding Community Service

Washington, DC – The Rhode Island Pharmacists Association (RIPA) has selected Linda A. Carver as the recipient of the 2013 Bowl of Hygeia Award for outstanding community service. Carver was presented with the award during the Annual New England Pharmacists Convention, September 19-20, 2013. The Bowl of Hygeia is sponsored by the American Pharmacists Association Foundation and the National Alliance of State Pharmacy Associations with support from Boehringer Ingelheim.

Carver is a volunteer pharmacist on Narragansett's Medical Emergency Distribution System Point of Dispensing and Narragansett Elementary School PTO board member. She serves on the American Pharmacists Association (key contact, Delegate), the American Society for Pharmacy Law and Phi Lambda Sigma. She has been a Lambda Kappa Sigma advisory board member with GSK for many years and an Investigator for FDA Phase III Clinical Trial. Carver is active in RIPA, serving as President and in many other roles. Carver has served as a CCD instructor for parish, a Girl Scout Leader and a Community Judge for Narragansett High School's senior projects.

Established in 1958, the Bowl of Hygeia Award recognizes pharmacists who possess outstanding records of civic leadership in their communities and encourages pharmacists to take active roles in the affairs of their respective communities. The award is presented annually by participating state pharmacist associations, including those in the District of Columbia and Puerto Rico. In addition to service through their local, state and national pharmacy associations, award recipients have devoted their time, talent and resources to a wide variety of causes and community service.

The Bowl of Hygeia is the most widely recognized international symbol for the pharmacy profession and is considered one of the profession's most prestigious awards. The Bowl of Hygeia has been associated with the pharmacy profession since as early as 1796 when the symbol was used on a coin minted for the Parisian Society of Pharmacy. The bowl represents a medicinal potion and the snake represents healing. Healing through medicine is precisely why the pharmacy profession has adopted the Bowl of Hygeia symbol.

Information regarding contributing to the Bowl of Hygeia future is available by contacting the APhA Foundation at 202-429-7565 or info@aphafoundation.org.
